

CA Technologies Named a Leader in Gartner Magic Quadrant for Project Portfolio Management, Worldwide

June 12, 2018

CA Technologies Recognized for Ability to Execute and Completeness of Vision in 2018 Gartner Magic Quadrant

NEW YORK--(BUSINESS WIRE)--Jun. 12, 2018-- CA Technologies (NASDAQ:CA) today announced that it has been positioned by Gartner, Inc. in the Leaders quadrant of the "[Magic Quadrant for Project Portfolio Management, Worldwide](#)"* for the second consecutive year. The report evaluated CA Technologies for its ability to execute and completeness of vision; [CA Project & Portfolio Management](#) (CA PPM) was part of the company's assessment.

"Businesses today are looking for new ways to bring innovation to market. Every modern software factory must work faster, act smarter and stay attuned to customer needs – and how innovation is planned, how investment decisions are made, and how quickly innovation is turned into customer value is what separates the winners from the rest," said Surya Panditi, senior vice president and general manager, CA Technologies. "With CA PPM's unique strategic roadmap planning capabilities, we empower today's businesses to stay ahead of the competition by driving innovation and capitalizing on new market opportunities. We are delighted to see the continued placement of CA Technologies as a Leader in this Magic Quadrant."

The [new release of CA PPM](#) offers the industry's only enterprise investment roadmapping capabilities, designed to support the iterative and collaborative planning practices of today's modern enterprises. The top-down planning capabilities provide business leaders better alignment between business goals and investments, allowing them to create and adapt their investment strategy without sacrificing deep and reliable visibility into the performance of their initiatives across the portfolio. Focused on modernizing the Project Management Office to capitalize on new opportunities, help maximize resources, and deliver value faster, additional details about CA PPM 15.4 can be found [here](#).
